SONOMA, MARCH 25, 1899.

H. H. GRANICE - EDITOR

## The Water Proposition and the Well-Owners.

The City Trustees were to have met on Wednesday evening of this week to consider the proposition of granting the Well-Owners' Water Company a franchise, but the meeting was postponed until next Wednesday evening at the request of the Secretary of the water company, who stated that the directors had not yet decided whether they would accept a franchise on the terms proposed by the Trustees—that is to say, that the company agree to put in a water system of the same efficiency as the one which the Trustees propose to install if the company will not do so. The franchise is also to contain a clause which provides that the city may purchase the water system to be put in by the company at absolute cost, plus \$4000 for the four wells and land around the same.

## Jupiter Pluvius.

The rain storm which set in two weeks ago to-day has been phenomenal for March. The precipitation has not only been steady, but at times the downpour, although gentle and unaccompanied by old Boreas, has been simply tremendous. Sonoma Creek and every stream and rivulet in this valley was running bank full all day Wednesday, the first time in two years.

The downpour has saturated the ground to the depth of several feet and has been of great benefit to stockraisers and dairymen, as it ensures an immense amount of feed for stock on the pasture lands.

Hay and grain, which had already received a good start in this valley, has also been greatly benefited and fine crops will be harvested even though there be no more rain the balance of the season.

The storm, the first of any consequence in two years, will also prove a great benefit from a sanitary point of view, as all the small creeks and ditches which meander through town and valley have been thoroughly flushed and the accumulated filth of two years swept oceanward.

## As to the State Tax Rate.

WHEN the tax levy bill passed the Legislature many newspapers in the State accepted the statement given out by the Assembly Ways and Means Committee, that for the fiscal years commencing July 1st next the tax rate would be 58 cents, and for the fiscal year commencing July 1, 1900, it would be 51 cents.

In speaking of the matter yesterday Controller Colgan said a mistake had been made; that the State Board of Equalization, and not the Legislature, fixes the tax rate, and that the only thing the Legislature had upon which to figure the rate was the property valuation fixed by the Equalizers last year. He explained that the valuation fixed last year was \$1,134,000,000; that under the tax levy bill \$4,000,722 would be needed for the general fund, \$2,433,340 for the school fund, and \$141,435 for the interest and sinking fund, for the coming fiscal year.

He estimated the rate on the property valuation fixed last year, and found that if the same figures apply for the coming year the rate will be 63.2 cents, including the 2 cents university tax, instead of 58, as figured by the Ways and Means Committee.

The Controller also proved that by taking the property valuation on the basis of that fixed last year the rate for the fiscal year beginning July 1st, 1900, will be 53.4 cents, instead of 51 cents, as heretofore published. For that year \$2,946,222 will be raised for the general fund, \$2,433,340 for the school fund, and \$141,435 for the interest and sinking fund.

The fact remains that a certain amount of money must be raised by taxation, and the further fact remains that nobody will know what the tax rate will be until it is fixed by the State Board of Equalization at its summer session, after the county tax roll shall have been equalized. —Record-Union.

# THE SUPERIOR COURT

The calendar day proceedings in the departments of the Superior Court Monday were brief, but a number of interesting matters were disposed of by the judges.

In Judge Dougherty's court the matters on the calendar were as follows:

The final accounts of the estates of Daniel G. Heald and Otis Allen were settled, and distribution was ordered.

In the estate of Henry W. Philbrook a sale of real estate was ordered.

Sarah Norborm was appointed executrix of the estate of Peter G. Norborm in a bond of \$100.

The matter of the demurrer to the opposition to the settling of the account in the estate of John A. Gryff was continued to March 23rd.

These probate matters were continued: Estates of M. G. Silva, Zerah L. Buckner and Mary E. Toroni to March 27th.

The default of defendant was entered and the suit of Martin vs. Martin was referred to the court commissioner.

The demurrer in the appeal case from Petaluma of L. F. Steitz vs. E. H. Button was submitted and taken under advisement.

An order was made declaring the life estate of Jean B. Barbarin in certain property to have terminated.

The trial of the suit of the City of Healdsburg vs. Treasurer Geo. H. Warfield was re-set for March 30th.

In the action of E. W. Hurgren against the Union Mutual Life Insurance company, the motion to strike out was allowed. The demurrer was overruled and ten days given to answer.

The suits of James M. Morris against Edward Palmer et al., and Martin Garcia vs. Con. Shea et al., were continued to March 27th.

In Judge Burnett's court Jos. Molina entered a plea of not guilty to the charge of assault with a deadly weapon, preferred against him, and the trial was set for April 16th.

The time for Jim Stevens to enter his plea to the charge of killing "Little Pete" was continued to March 27th.

In the matter of the estate of Octavia S. Smith, the final account of H. Kearney was settled and allowed. F. A. Wickersham was appointed administrator in a bond of \$40.

A divorce was granted Granville T. Austin from Lillie Bell Austin on the grounds of cruelty.

The divorce proceedings of Charles A. Linebaugh against Lillie Linebaugh were continued to March 27th, to be set for trial.

In the suit for \$4000 for breach of contract brought by Frank Sims against the Petaluma Gas Light company, the demurrer was withdrawn, and ten days were given to answer.

These suits were continued: Thomas Foster vs. Mark L. McDonald et al., to March 27th; Ellen L. Ferguson vs. Frank Thiessen et al., to April 3rd. The action of Baler vs. Castagnacio was re-set for April 4th.

## Is Baby Too Thin?

If so, there must be some trouble with its food. Well babies are plump; only the sick are thin. Are you sure the food is all right? Children can't help but grow; they must grow if their food nourishes them. Perhaps a mistake was made in the past and as a result the digestion is weakened. If that is so, don't give the baby a lot of medicine; just use your every-day common sense and help nature a little, and the way to do it is to add half a teaspoonful of

## SCOTT'S EMULSION

to the baby's food three or four times a day. The gain will begin the very first day you give it. It seems to correct the digestion and gets the baby started right again. If the baby is nursing but does not thrive, then the mother should take the emulsion. It will have a good effect both upon the mother and child. Twenty-five years proves this fact.

SCOTT & BOWNE, Chemists, New York.

# SHERIFF GRACE

## JAMES LAYMANCE.

### A Complete Story of The Clever Capture.

#### Jumps Aboard a Rushing Train and Secures His Man.

[Santa Rosa Press-Democrat.]

On the 6 o'clock train at the California Northwestern depot in Santa Rosa, last Friday night, the arrival of Sheriff Frank P. Grace and his prisoner George Laymance caused a little flutter of excitement. The Sheriff and his man entered a carriage and were driven immediately to the county jail, where Laymance was placed in a cell.

As was stated before, Sheriff Grace arrested Laymance on the line between Arkansas and Indian Territory, near Fort Smith. The details of the arrest are unusually interesting.

A letter from Laymance to his daughter in Oakland furnished the clue which led to his arrest. At Sheriff Grace's request, after he became assured Laymance had left the State, the chief of the Oakland police detailed a detective to keep a watch on the mail received by Mr. Laymance's daughter. The detective was furnished with a sample of the man's handwriting as affixed by him to his registration papers. Soon afterwards a letter came to Oakland bearing the name of a hotel at Prairie Grove, Arkansas. The detective saw the handwriting was like that of Laymance on the registration papers, and notified Sheriff Grace. This is making a long story short regarding the clue.

Sheriff Grace went to Prairie Grove, Arkansas. At the little hotel he ascertained a stranger named "James Caldwell" had been there for four or five days, but had left. By diligent inquiry he learned that James Caldwell also spent three or four days on a ranch in that section with a farmer named Brunk. When he left Brunk's, Caldwell gave the farmer a stamped envelope addressed "James Caldwell, Fort Smith," and told him to forward in it any letters which might come for him. Before this Sheriff Grace had made up his mind that "James Caldwell" was really George Laymance. He had never seen Laymance, however.

At Fort Smith the name "James Caldwell" appeared on the registers of two hotels, but the owner of the name could not be found. Here and there Sheriff Grace traveled in search of his man. At all railroad terminals he inquired of railroad conductors and others if they had seen a man answering the description of Caldwell. One conductor had seen the man he desired to find several days before. The day following Sheriff Grace happened to meet this same conductor at the little station of Jesson, which is about twenty-five or thirty miles south of Fort Smith. He asked him again if he had seen anything of the man Caldwell. Imagine his surprise and satisfaction when he got the reply that Caldwell was aboard the train which had just come into the depot.

At the request of Mr. Grace the conductor accompanied him through the car. A pod from the conductor indicated to the Sheriff where his man was sitting. He stepped up to the seat occupied by the person indicated, tapped him on the shoulder and asked if he was "Mr. Caldwell." The man addressed straightened up and replied that was his name. Mr. Grace told him he had a warrant for him, and placed him under arrest. The next moment he had the handcuffs on Mr. Caldwell.

This done Sheriff Grace looked the man straight in the face and said: "You are George Laymance, and my name is Grace; Frank Grace, Sheriff of Sonoma county. You had better own up, George." At this "Mr. Caldwell" owned up that he was George Laymance.

At the time of his arrest Laymance was on his way to St. Louis, and from there was going further east. At Fort Smith a brother of his resides.

The capture of Laymance was a very clever piece of work on the part of Sheriff Grace, and scores of his friends in Santa Rosa last Friday night were not slow in greeting him with words of commendation. It is understood Mr. Laymance will claim he acted in self defense in the wounding of Dr. Kartell at Healdsburg, who died of his wounds, and for whose death he will have to answer in the court.

### NOTICE TO

## Non-Consenting Land-Owners.

OFFICE OF THE CLERK OF THE Board of Supervisors, Sonoma County, California, Santa Rosa.

To Frank Tate: The petition of M. P. Akers et al., citizens of Santa Rosa, District, having been presented and duly filed in the office of the Clerk of the Board of Supervisors of Sonoma County, California, on the 14th day of January 1899, and on the 7th day of February, 1899, an order was duly made and entered by said Board of Supervisors appointing Newton V. Smith, County Surveyor, James B. Morris and Anthony D. Graham, viewers to survey, locate and lay out a public road on the lands of Frank Tate, situated in Santa Rosa District, Sonoma County, California, in accordance with the prayer of said petitioners, and said road viewers having complied with their duties assigned them by said order of Board of Supervisors and made and filed their report on the 6th day of March, 1899, and said viewers reported said survey as follows to wit:

Beginning at the most southerly corner of the tract of land described by the S. Cooper, Administrator of the Estate of James Cooper, to Frank Tate, December 4th, 1871, and recorded in book 37 of deeds, page 25 of Sonoma County Records, Thence North 35° West 0.38 chains, Thence North 68° East, parallel with the Southeast boundary of said tract of Tate and with the Northwest side of lane described in said viewers report 76.09 chains a little more or less to the easterly line of said Tate's land and the center of Sonoma Creek, Thence southerly along said easterly line to the Southeast corner of said tract and the northerly line of said lane, Thence westerly along the northerly side of the lane to the point of beginning, containing 2.81 acres of land, and for a more particular and minute description of said proposed road reference is hereby made to the viewers report and "Profile" now on file in this office. And in pursuance of the prayer of said petitioners and the matters aforesaid, an order was duly made by said Board of Supervisors on March 10th, 1899, confirming said survey and parties interested in and to any lands or premises through which said proposed road is surveyed and laid out to appear before said Board of Supervisors on the

7th Day of April, 1899.

At 1:30 o'clock P. M. at their rooms in the City of Santa Rosa or at such other place as the same can be heard by the Board, and show cause, if any you have, why said proposed road should not be declared a public highway, and in default of such appearance or cause shown, you will be deemed to have waived all claim for such appearance and cause shown, and will proceed to declare said proposed road a public highway according to law in such cases made and provided. I have heretofore fixed my hand and official seal this 21st day of March, 1899.

JOHN B. FULTON, County Clerk and ex-officio Clerk of said Board of Supervisors.

## THE Modern Farmer

In His Business Relations.

By EDWARD F. ADAMS.

The most remarkable book published in the 19th century. Absolutely indispensable to the farmer and to everyone who deals with the farmer or has any interest in the farmer's welfare.

## LOCAL HAPPENINGS.

### Justice Cheney's Court.

There has been a dearth of business in Judge Cheney's Court the past week, and there is only one civil suit on his docket—Goess vs. Wade. The suit was instituted by Mrs. G. A. Goess against Albert F. Wade, administrator of the estate of W. F. Wade, deceased, to recover the sum of \$288, alleged in the complaint to be due plaintiff for nursing W. F. Wade and his wife just previous to their death, and for other services performed. The defendant, Albert F. Wade, in answering the complaint has filed a counter claim against plaintiff in the sum of \$290 for jewelry and furniture alleged to have been received from the Wade estate by Mrs. Goess. The case will come up for a hearing before his Honor next Tuesday. Plaintiff is represented by Attorney F. T. Duhring and the defendant by lawyer O. C. Pratt of San Francisco.

### Runaway.

A horse attached to a sled became frightened at a couple of dogs fighting, on Tuesday last, and raced all over town. The light sled bumped up against the equine's heels, urging him along in his mad career from the starting point on the corner of Spain and Second-street East, where the sled became detached, down the latter thoroughfare to Second-street West into Napa street, up that street right through the heart of town past the place of beginning, as the surveyors would say, and thence on to the eastern suburbs of town. As a small boy remarked, the animal would have been running yet if he hadn't stopped. No damage.

### Buying Horses.

Ah Yep, for many years foreman of the Perry Sears vineyards near this place, was in town several days this week. Yep represents a big Chinese colony near Stockton, San Joaquin county, and is engaged in buying up work horses for the colonists. Before leaving town he purchased three fine teams from Mrs. E. Marti, H. Rubke and Chas. Potter. Yep is a very intelligent Chinese, and Bret Hart's Ah Sin and his cards isn't in it with Ah Yep and a horse trade.

### Brevities.

Boys' suits for sale at the Sonoma Shoe Store.

Men's hats in brown, black or gray colors 95 cents each at T. Olivieri's.

Adam Adler is erecting a tank and windmill on his lot on Second-street East.

S. H. Shaw's new residence on Broadway is now in the hands of the painters.

Last Sunday a party of six drove over from Petaluma to bathe in the waters of the Agua Rica Hot Springs.

Granville Harris drove up to Santa Rosa last Monday, where he met several wine merchants of San Francisco. They visited the wine cellars of Bennett Valley and Sonoma.

George, the twelve-year-old son of Geo. H. Cornelius, killed two geese near the drawbridge last Sunday. They were of the Honker species and tipped the scales at eight pounds each. Small boy, big geese.

This office in receipt of a large number of new fonts of job and display type and we are now better fitted for doing job work in the very latest style than ever. Send in your orders now and we will do your work at city prices.

A. Hillbant passed through town Tuesday on his way to Napa in quest of two valuable bay horses, which strayed from his ranch near Windsor about three weeks ago. The animals were reported to have been seen near that place one day last week.

## ODD FELLOWS

### HOME SITE.

#### Sonoma Makes Her Initial Move to Secure the Prize.

#### A Strong Committee Appointed to Work Out the Problem.

A meeting of citizens of our valley was held at Union Hall last Monday afternoon for the purpose of making an organized effort to secure the location of the Odd Fellows Old People's Home in close proximity to our town.

The meeting having been called by the City Trustees, the chairman of the Board called it to order. F. T. Duhring was elected presiding officer and J. B. Small Secretary.

Speeches, showing the desirability of having such an institution located in our valley, were made by Dr. H. H. Davis, J. D. Wagon and others.

The sentiment of the meeting was strongly and unanimously in favor of doing everything in its power to secure the Home for Sonoma. The chairman was instructed to appoint a committee of nine with full power to do all things necessary to bring the Home to Sonoma. Chairman Duhring then appointed the following gentlemen to act on this committee: Robt. Hall, Dr. H. H. Davis, Dr. A. E. Osborne, W. S. Miller, Otto Muser, Capt. H. E. Boyes, Robert Howe, Frederick Quien and Jas. McMackin. Upon motion Chairman Duhring was made an ex-officio member of the committee.

We are informed by the Chairman that the meeting forgot to acknowledge the generosity of mine host Enke in donating the use of Union Hall, and the Chairman now desires to publicly thank Mr. Enke through the columns of this paper.

#### THE COMMITTEE MEETS.

Pursuant to the call of Chairman Hall, the committee above named met in the directors' rooms of the Sonoma Valley Bank last Wednesday for the purpose of organizing and discussing ways and means of accomplishing its purpose.

Among other things it was decided to notify the committee appointed by the Grand Lodge of Odd Fellows to investigate the proposition of removal of the Home, that our citizens were preparing to submit an offer to them.

It was further decided that parties having what they consider desirable sites for such an institution, located either within the city limits or near the same, should be invited to submit their propositions in writing at once to the committee together with all necessary data as to acreage, proximity to railroad, water, etc.

The committee then adjourned to meet again at the same place on Saturday, April 1st, at 3:30 p. m.

#### Electric Light Company.

The Electric Light Company is having a water tank erected in the rear of the power house and is making other additions to its plant in order to ensure as reliable a service as possible. The plant was overhauled and inspected last Sunday by Electrical Engineer Hanscom of the Union Iron Works, San Francisco. The object of his testing the plant was to reduce the consumption of gasoline down to a minimum and to make the plant not only reliable to consumers but a paying investment for the stockholders as well.

The stockholders are composed of a number of Sonoma's property owners as follows: C. Aguilon, C. F. Leiding, F. Clewe, H. H. Granite, J. Fochetti, S. Cuicci, F. T. Duhring and A. Chisini.

#### To-Night and To-Morrow Night.

And each day and night during this week you can get at any druggist's Kemp's Balsam for the Throat and Lungs, acknowledged to be the most successful remedy ever sold for Coughs, Croup, Bronchitis, Asthma and Consumption. Get a bottle to-day and keep it always in the house, so you can check your cold at once. Price 25c. and 50c. Sample bottle free.

The Homeliest Man in Sonoma As well as the handsomest, and others are invited to call on any druggist and get free a trial bottle of Kemp's Balsam for the Throat and Lungs, a remedy that is guaranteed to cure and relieve all Chronic and Acute Coughs, Asthma, Bronchitis and Consumption. Price 25c. and 50c.

Daily Call and Index-Tribune \$7 per year by mail.

## THE RAINFALL.

### Precipitation for March Nearly Seven Inches.

The rainfall the past month has been the heaviest ever recorded in this valley for the month of March. The precipitation, according to Local Signal Service Observer Hall's rain gauge, has been 6.80 inches and the storm is not yet over. Since last Wednesday the precipitation has been 3.28 inches and for the week 4.16 inches. The total rainfall for the season to date has been 18.05 as against 12.54 inches for a corresponding period last season. The rain has been a warm and gentle one and is worth thousands of dollars to the orchardists and farmers of Sonoma Valley.

#### Death of a Pioneer Resident.

John Cavanaugh, the lumber merchant of Petaluma, is dead. He expired at his home in that city last Tuesday. He came to Sonoma county in 1852 and located on Russian River. In 1857 he moved to Petaluma, since which time he has resided in that place.

In 1862 Mr. Cavanaugh was elected city marshal of Petaluma, which office he held three years, and in 1866 was elected justice of the peace and was continuously elected justice of the peace or city recorder up to a few years ago.

Mr. Cavanaugh was one of the oldest Masons in Sonoma county. In 1857 Mr. Cavanaugh became a member of Sotomoye Lodge, No. 123, F. & A. M., also a member of Petaluma Chapter, No. 22, R. A. M. He was a member of Santa Rosa Commandery, Knight's Templar, and became a charter member of Mt. Olivet Commandery, No. 20, of Petaluma.

#### Two Illicit Stills Seized.

Deputy Internal Revenue Collector Walter F. Price and United States Guager Gus. Donovan made two important seizures of illicit stills on Tuesday, says the *Republican*. Both stills were on the Wm. Hill ranch near Trenton. One was in a cabin occupied by a man named Lazero and is said to have been operated for two winters by a man named Jake Greshaber. The cabin is well hidden in a gulch and the still was of five-gallon capacity.

The second still is of the same capacity and was seized at the home of Manuel Davis. The officers were about to give up search when Mr. Donovan discovered the still concealed under a bed.

A portion of a third still was found near the residence of J. J. Alves, foreman of the ranch. While at the home of Davis one of the man's dogs decided to go into the seizing business on his own hook. He accordingly seized Mr. Price by the leg inflicting a wound that was and still is quite painful. The brute also tore Mr. Price's pantaloons in a most unpleasant manner. Some of the product of the Davis still was taken in charge by the officers, and both the stills were confiscated.

#### Death of Mrs. McDonough.

Mrs. M. McDonough, who had been ill for many months, died at her home in Cloverdale Saturday. Her remains were taken to Healdsburg and interred in Oakmount cemetery last Monday. Mrs. McDonough was well-known in Glen Ellen, where she lived several years and where she was loved and respected by those who knew her best. The deceased lady leaves a husband, conductor Mike McDonough of the California Northwestern Railway, and a little daughter to mourn her untimely taking off.

#### Fruit Prospects.

The present season so far has been peculiarly favorable for fruit of all kinds. So far no damage has resulted from frost and the warm rains of the past month have been very beneficial both orchard and vineyard. That there will be more than an average yield of fruit of all kinds in this valley this season does not admit of a doubt.

#### The Glen Ellen Gun-Fighters.

The trial of Celestino Guidotti and Louis Del Margo, charged with assault with a deadly weapon upon the person of J. H. Stecker, has been set for to-day before Judge Burnett and a jury.

#### Still More Counterfeiting.

The Secret Service has just unearthed another band of counterfeiters in a suburb of New York City, and secured a large quantity of bogus \$5 bills, which are so cleverly executed that the average person would never suspect them of being spurious. Things of great value are always selected by counterfeiters for imitation, notably the celebrated Hostetter's Stomach Bitters, which has many imitators but no equals for common disorders like fever, ague, malaria, indigestion, dyspepsia, constipation, nervousness and general debility. The bitters set things right in the stomach and when the stomach is in good working order it makes good blood and plenty of it. In this manner the Bitters get at the seat of strength and vitality, and restore vigor to the weak and debilitated. Beware of counterfeiters when buying. Always go to the reliable druggists who have the reputation of giving what you ask for.

## LOUIS GILBERT AT MANILA.

### Attached to the Engineers Division of the Monitor Monterey—Sends Regards to His Sonoma Friends.

Louis A. Gilbert, who was born and raised in Sonoma, being the son of Mr. and Mrs. J. Gilbert, pioneer residents of this place, but now living in San Francisco, writes us from Cavite, Philippine Islands, that he is well and enjoying good health. Young Gilbert is attached to the engineers division of the U. S. S. Monterey. He took part in the taking of San Roque on February 9th. On that day the Monterey was cleared for action, after which a messenger bearing a flag of truce was sent ashore from the big ship and waited upon the commander of the native forces, who refused to surrender the town. Seeing the natives fired the town and fled. Young Gilbert says a large number of fire bugs were captured by the First and Fifth Iowa troops and immediately shot.

In bombarding the insurgents out of the jungles in the suburbs of Manila in the battle of February 4th the battleships did terrible execution. Young Gilbert says of his own knowledge a 10-inch shell from the Monadnock fell amidst a full company of the natives and killed 63 out of the 64 men composing the same. He says "this war, which has been forced on the Americans, is one of the cruellest that has ever been fought."

Louis Gilbert is undoubtedly a thoroughbred, as he has no complaints to make and the tenor of his letter goes to show that he would rather fight the Filipinos than eat.

In concluding his letter young Gilbert, who is known to most of the residents of this valley, sends regards to all of his friends from that far away land in which our boys are so nobly doing battle for their country.

#### "THE MODERN FARMER."

#### An Important Book by a Well-Known Californian.

We are in receipt of advance pages from a forthcoming book under the above title. The author, Mr. Edward F. Adams, is one of the best known fruit growers on the coast, and a leader and authority in all forms of co-operative effort among farmers. For some years past he has been the Agricultural Editor of the *S. F. Weekly Chronicle*, which he has made the leading authority in the United States upon non-political, economic topics affecting farmers' interests, with which a long business experience has especially fitted him to deal. During the past few years, as a co-operative leader, and, for a time, as a representative of the University of California, Mr. Adams has addressed many thousands of the farmers of California upon many of the subjects included in this volume.

Among the topics considered are the farmer's relations to the banker, commission merchant, railroads, speculators, tradesmen, and the tax-gatherer. A large subdivision is devoted to Co-operation. Under the head of "Questions of the Day," there are thoughtful and non-partisan discussions of the farmer's interest in the Tariff, Export Bounties, Single Tax, Currency, and Labor Questions, Trusts, the Referendum and Socialism. The appendix is a well-arranged summary of existing knowledge upon the subjects discussed. The object of "The Modern Farmer" is to aid farmers to make money by trading and voting intelligently. The book has no political bias. It will pay any farmer to buy it and study it.

#### Wine Sale.

A. Roy, says the *Press-Democrat*, has purchased 31,000 gallons of dry red and white wines of the vintage of 1896, 1897 and 1898 from the Hefty Winery at Melita. The wine will be shipped to New York. The price paid was 16 cents per gallon, the purchaser to furnish the cooperage.

#### \$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address, F. J. CHENEY & CO., Toledo, Ohio.

Sold by Druggists &c. Hall's Family Pills are the best.

# SONOMA INDEX - TRIBUNE.

H. H. GRANICE, Proprietor.

SONOMA, SATURDAY, MARCH 25, 1899.

## Notice of Business Change.

The old saying that "the unlooked-for always happens" may be true in the present instance. The Sonoma News is no more! Having sold the paper and its good will to Mr. Granice, the business and subscription books pass into his hands. Those who are in arrears for their paper will please pay Mr. Granice and those who have paid in advance will receive the INDEX-TRIBUNE to full extent of their subscriptions.

There are three reasons I might give for making this change. It is well known that I did not buy the News with the intention of running it myself. A person usually sells a commercial commodity when the price asked is accepted. The third reason is the more potent one—our patronizing territory is too limited to properly support two weekly newspapers.

But we do need and must have for the weal of the commonwealth one good, wide-awake paper, which shall be alive to the best interests of our people, and such a paper Mr. Granice will be able to furnish us providing he has the good will and support his paper merits. So we sincerely hope all our subscribers and patrons will lend a hand.

With a thank you to our friends and wishes for the success of the INDEX-TRIBUNE we break our quill.

E. B. THOMPSON.

Sonoma Jan. 3, 1899.

## Best of All.

To cleanse the system in a gentle and truly beneficial manner, when the Springtime comes, use the true and perfect remedy, Syrup of Figs. Buy the genuine. Manufactured by the California Fig Syrup Co. only, and for sale by all druggists, at 50 cents per bottle.

## Women Should Know It.

Many women suffer untold agony and misery because the nature of their disease is not correctly understood. They have been led to believe that womb trouble or female weakness of some sort is responsible for the many ills that beset womanhood.

Neuralgia, nervousness, headache, puffiness or dark circles under the eyes, rheumatism, a dragging pain or dull ache in the back, weakness or bearing down sensation, profuse or scanty supply of urine with strong odor, frequent desire to pass it with scalding or burning sensation, sediment in it after standing in a bottle or common glass for twenty-four hours, are signs of kidney and bladder trouble.

The above symptoms are often attributed by the patient herself or by her physician to female weakness or womb trouble. Hence, so many fail to obtain relief, because they are treating, not the disease, but a collection of the primary cause, which is kidney trouble.

In fact, women as well as men are made miserable with kidney and bladder trouble and both need the same remedy.

Dr. Kilmer's Swamp-Root is the great discovery of the eminent kidney and bladder specialist, and is easy to get at any drug store for fifty cents or one dollar.

To prove its wonderful merits you may have a sample bottle and book telling all about it, both sent absolutely free by mail. Kindly mention the SONOMA INDEX-TRIBUNE and send your address to Dr. Kilmer & Co. Binghamton, N. Y.

## HORSES' FEET.

A Noted Veterinarian Explains the Blood Supply.

The noted British veterinarian, Dr. H. Leeney, writing in the London Live Stock Journal, says that the large metacarpal artery which passes under the annular ligament of the knee of the horse, passing down the leg at the side of the flexor tendons. At the fetlock it divides into three, the central portion passes between the divisions of the ligament and the cannon bone and forms an arch giving off three small branches, which take an upward direction and communicate with the small metacarpal artery. Two smaller branches from the arch supply the fetlock joint. The two lateral branches from the metacarpal artery passing downward receive the name of plantar arteries. These follow by the side of those small floating bones known as sesamoids (and not noticed in speaking of the intrinsic bones of the foot) and keep somewhat in advance of the tendons until it passes under the lateral cartilage.

In avoiding the cushion a direction somewhat forward is taken into a groove in the wing of the coffin bone, by which it is conducted downward and forward to the canal, or foramen, as such orifices are anatomically termed, on to the concavity at the back of the bone, under the coffin joint. Within the bone it describes part of a circle, meeting its fellow from the other side. The arteries, nerves and veins are in pairs, and it will be understood that the foregoing description is intended as representing one side only. There are slight variations—as, for instance, on the outside of the leg. The artery above the fetlock is much nearer the surface. But these differences, although of importance to the surgeon performing the operation of unroofing, do not call for special description here. The regular artery within the foot sends off many branches, and a specimen which has been carefully injected with red composition made for the purpose is well worth inspection by all interested in horses' feet.

Many of the older veterinary surgeons possess such specimens, prepared by themselves in days (and nights) when

BLOOD SUPPLY OF THE HORSE'S FOOT.

practical anatomy was considered of the first importance and bacteriology had not assumed its present prominent position. An important branch of the plantar artery is one that is given off about half way down the long pastern bone, passing downward and forward to join its fellow at the coronet. From the arch thus formed a number of small vessels are given off to supply those parts which secrete the crust of their foot. Another branch crosses to the front of the short pastern under the extensor tendon, and unites with that from the other side. From this upper coronary circle a number of small vessels are given off, some of them communicating with the lower arch or coronary circular artery. Besides the vessels going to supply the front there is the artery of the frog, which takes an oblique course into the substance of the sensitive frog, dividing again into two branches, one contributing to supply the toe and the other the heels of the frog while giving branches to the cartilages. The lateral laminal artery passes into the canal in the wing of the pedal bone, winds round in the groove to the front, giving off branches in all directions to supply the laminae. Entering the bone again by a smaller aperture it unites in the central circulation within. The anterior laminal arteries are branches of the circular arteries, and pass through the numerous minute holes in the coffin bone, going to supply the laminae which, as previously stated, are extremely vascular. Then there are the communicating arteries passing through the front of the pedal bone and going to supply the circumplex artery, which is sometimes wounded in bleeding from the toe. The solar arteries radiate from the circumplex, supplying the sensitive sole from which grows the horny sole, as previously stated.

Get Good Bulls.

With any farmer or dairyman who depends upon breeding and rearing calves for the maintenance of his herd and its improvement the choice of a bull is of prime importance. That "the bull is half the herd" should not be forgotten.

Good Habit to Acquire.

The farmer who gets interested in any kind of stock and resolves to have the very best of its kind that is to be had soon sees the benefits thereof, and this habit soon extends to all other branches of his business.
